¡Bienvenidos a SJP! We are excited that you are joining us here in the fall.

I have designed some work for you to complete by **September 1st**. These activities are intended for pre-practice, so we will go over them and make sure we know them well once school starts.

Please follow all directions carefully!

This summer, you will be using **one website**: www.quizlet.com.

Quizlet sign-in:

Username: any username that incorporates your first and last name clearly.

Password: spanish(your class)- no capital letters (ex: spanish1cp, spanish1h)

Your log-in and password should follow the same format listed above.

For each assignment, look at the set of words and begin to familiarize yourself with them. Start to practice with the **flashcards**. When you feel comfortable, practice spelling the phrases and vocab words with the “**Learn**” option. Practice with this option a few times. Then, when you feel confident in your ability to identify and spell these phrases, take the “**Test**” option. When the Test screen appears, navigate to the right side of the page, and unclick the “written” option. Change the “Question limit” to the full number of terms (i.e. 25/25). **You must earn at least a 75% on each test for it to count. You can take the test as many times as you need to before the assigned due date. If you cannot score above a 75%, you may submit your highest score.**

Then, play **Scatter** or **Gravity** to review.

In summation, for each assignment (specified below), you are to complete the **Flashcards** practice, the **Learn** option, play either **Scatter** or **Gravity**, and take the **Test** (and score at least a 75% for it to count). **Note:** see table below for the specifics of each assignment and note that there are certain exceptions to the above statement.
